Accelerated Program at Avalon for Astrologers and Advanced Students. *Classes begin in June, 2008!*

We are happy to announce Avalon's new Accelerated Program for astrologers and advanced students of astrology. This program is designed so that people in Florida, Georgia, and other states can continue living and working at home and take trips to Gainesville to attend intensives. This is an opportunity to broaden your knowledge, expertise, and keep up with the latest developments in astrology.

The intensives last 5 days, and are held approximately every 7 weeks. Students are given handouts and purchase any required books 7 weeks before the intensive. The student can correspond by e-mail with the instructor during these 7 weeks.

During each 5-day intensive classroom lectures alternate with practice exercises, ungraded quizzes, and question-and-answer periods. The instructor highlights key features of the material that was studied during the prior 7 weeks, adds additional material, and helps students master the material. The instructor may also demonstrate the techniques with charts of attendees. Students can gain clarification on any areas that are unclear and explore areas of particular interest.

This accelerated program is designed specifically for people who have learned the basics and even material well beyond the basics. This is Avalon's PAC (Professional Astrology Certificate Program) given in an accelerated and advanced format. Graduates of the PAC program can take additional classes in the TACC (Theoretical and Applied Cosmic Cybernetics) program and/or take the ISAR certification exam if they wish.
