

DENNIS HARNESS DEMETRA GEORGE DAVID COCHRANE

Don't miss this amazing event with Dennis, Demetra, and David!!! With these Three brilliant minds joining forces together, you will enjoy a once in a lifetime experience that you cannot afford to miss. Come and join them. You will be glad you did!

 JOIN Dennis and Demetra for a comprehensive, inspiring, and profound discussion of how the myths associated with celestial bodies, whether they are planets, fixed stars, decans, nakshatras, constellations, or asteroids, illuminate the deep imaginal substructure that underlies the natal chart, and in the process points the way to meaning and healing.

 Enjoy a full day seminar on using asteroids, Vedic, and classical astrology features in Kepler with the author himself, David Cochrane! Come and see why people love David's seminars!
